

This Week at Hagerty High School...

Principal's Message January 19, 2024

Next week, Hagerty High School will host our annual Husky Highlight Curriculum Night. The event takes place on Monday night and will begin with a presentation in the Auditorium at 6:00 pm. That presentation is specifically geared towards new students and families, however, anyone who wants to attend is welcome to do so. The presentation will finish up around 6:45. At that time, we will begin the curriculum presentations for our CTE, AP, and general education classes. This part of the event is geared towards all students and families as we prepare for registration. It is important for you to begin having conversations with your student(s) about the courses that they wish to take next year. Please make sure that they are thinking about multiple electives to include on their registration form because there is no guarantee that they will be able to get into their top choices depending on enrollments and class sizes. We are looking forward to seeing everyone on Monday night!

Our PTSA is hosting a presentation called *Be Smart on Social Media* next week on Wednesday night at 6:30 pm in the Auditorium. These events are designed for parents to attend with their student. There are so many parts of the social media world that we do not understand as adults. Please take time to come out and hear this important presentation so that you will know what to look for in monitoring your child's social media platforms. Invite anyone from the community that has kids to attend with you so that we can work to make things a little safer for our children!

I hope that you all have a fantastic weekend. Stay warm!

Go Huskies!
