

# Family Access Help Information

---

[Click here to access Family Access](#)

Family Access is a secure Internet based website that will allow you to easily keep track of your child's attendance, grades, schedule, progress, assignments, and emergency information. Family Access is a free service.

As a parent with a student in Seminole County Public Schools, you will have real time access to the following items:

- Student Grades
- Student Assignments and Notes
- Class Schedules
- Emergency Contact/Student Address Information
- Email links to staff members

One of the outstanding features of Family Access is that as soon as an assignment, grade, or attendance is entered in the grade book, it is immediately available to you in Family Access. All data is updated instantaneously.

If you need to change your email address you can do that by clicking on Account in the upper right corner when you log in to Family Access.

If you are experiencing any difficulties with Family Access please email me your name, your student's name and a short description of what the issue is.
