

HOW TO LOG INTO THE PORTAL

LOGIN: STUDENTID@student.myscps.us

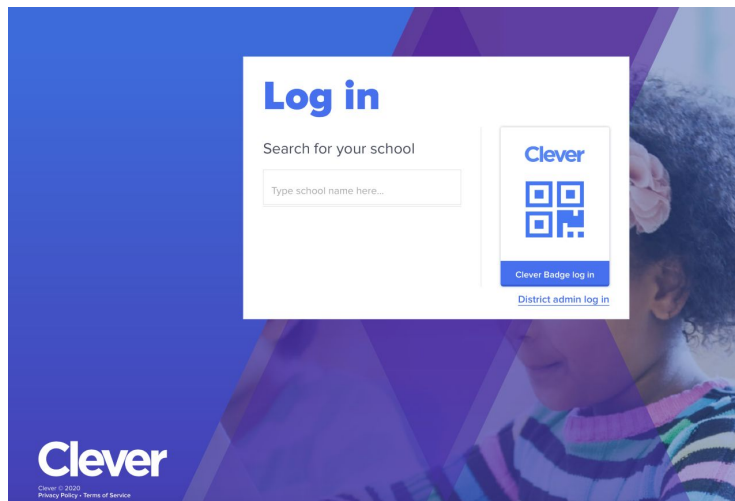

PASSWORD:

TO GET TO PORTAL, GO TO THE SCHOOL'S WEBSITE: www.hagertyhigh.scps.k12.fl.us

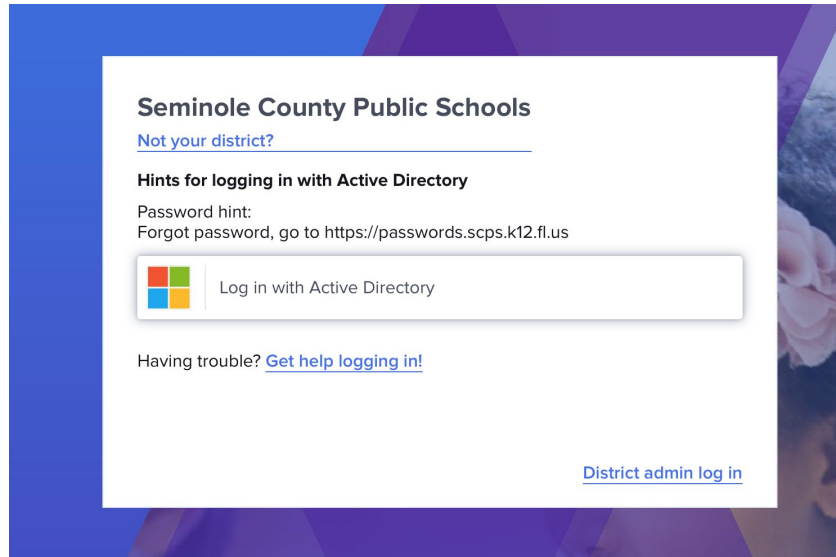

Click on The Portal on the upper right:

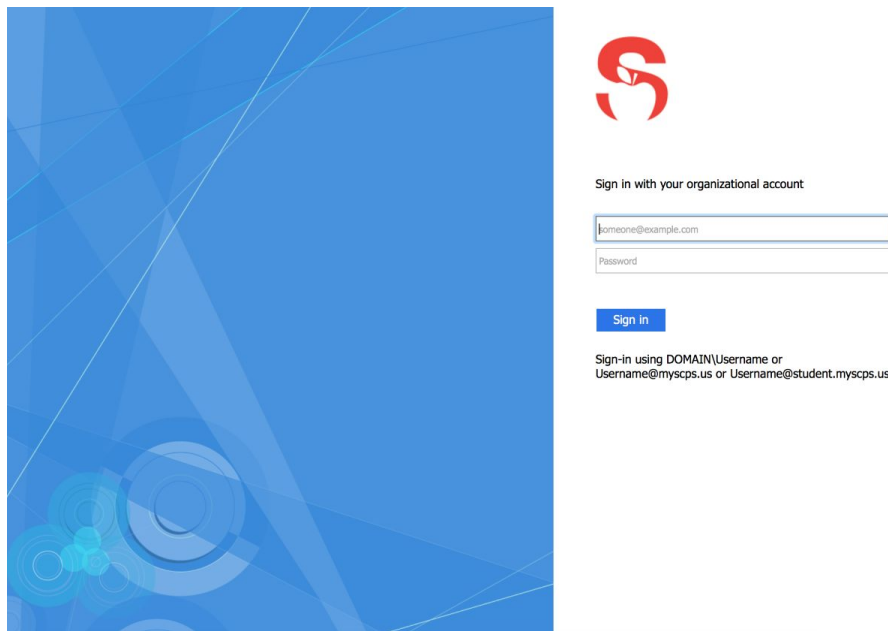

This will take you to a login screen where you will type the school's name in and click it when it appears in the drop-down menu.

Once you have done this, you will click Login with Active Directory.

This will take you to the login screen where you will enter the login and password provided with the @student.myscps.us (above)

Once you are in the Portal, there are tiles for eCampus, Skyward, and Google Drive. You can search at the top to find them quickly, but typically they are right on top. Skyward is for final grades, attendance and parent communication. eCampus is where all of the courses are housed. Click on the tile and then dashboard to see the courses the student is enrolled in. Click on any of those courses should show you the work they are doing so that the student can join in. Google Drive is often used in conjunction with eCampus. Other teachers use other Apps, but they are all located in The Portal as tiles.
